## COMMENTS

- GIT Sub Branches PRESENT 👍

- Good responsiveness, nice mobile navbar 👍

- console error in the javascript: "phoneNumberModalBtn" wasn't found in the html 🙄

```
document.getElementById('phoneNumberModalBtn').onclick = function() {  
    openPhoneNumberModal();  
};
```

- Very nice coding, great use of functions to break down the project 👍
- Unfortunately, no demonstration of loops 🙄
- Good job, but no loops 😞 !
